### For Immediate Release

## Carroll official part of Gulf “Economics Solutions Team”

**September 1, 2010** – Denise Beaver, Carroll County Deputy Director of Economic Development, was selected to participate in the National Incident Command’s “Economic Solutions Team” by the International Economic Development Council (IEDC). IEDC served as lead non-governmental agency to deploy teams to communities affected by the BP Deepwater Horizon Oil Spill in the Gulf of Mexico.

The teams included experienced economic development professionals from across the country and federal agency representatives. Communities in Florida, Mississippi, Louisiana, Alabama, and Texas were visited over the last few weeks. Beaver was dispatched to St. Tammany Parish in Louisiana.

The purpose of the visits was to meet with community stakeholders, industry representatives and government leaders to listen to their concerns about the economic impacts of the BP Deepwater Horizon Oil Spill and offer preliminary recommendations. IEDC and team members will produce an economic recovery report for each community that was visited.

Additional information about the federal response program can be found at [RestoretheGulf.gov](http://RestoretheGulf.gov).
