RFID Global Solution, Inc. receives 'Best of Local Business' Award

US Commerce Association's Award Honors the Achievement

Mt. Airy, MD and Washington, DC, August 13, 2009 – RFID Global Solution, Inc. (RFIDGS) has been selected for the 2009 'Best of Local Business' Award by the U.S. Commerce Association (USCA). RFIDGS was named the 'Best of Mt. Airy' (Maryland) in the Integrators category.

The USCA 'Best of Local Business' Award program recognizes outstanding local business throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2009 USCA Award Program focused on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.

"We are very honored by the recognition the US Commerce Association has bestowed on our firm", said Joseph Leone, President, RFID Global Solution. "We have been very proactive in our media and internet marketing efforts and our outreach to local and regional economic development organizations," said Diana Hage, Chief Executive Officer, RFID Global Solution. "We are proud to be part of the Maryland technology community and glad to see our marketing initiatives have a positive impact on the image of small business in the region."
